Are you an experienced, motivated, licensed agent that would like to join our team? Our agents receive 100% of their commissions at the closing, with no monthly or yearly fees. You only pay a transaction fee when you have a closing (\$129) or a lease (\$79). We do not allow our agents to conduct property management services. Agents are required to use ZipForms for all contracts and must also be able to convert all executed documents to pdf format for emailing and electronic storage. Agents are also required to use a showing service to schedule appointments on all listings and must use Supra® electronic lockboxes on all occupied listings. E & O Insurance is included in the transaction fee. For more information about joining our team, email or fax the broker, Dave Turnquist, and he will give you a link to review the details about what we have to offer you as an agent.
